

PREMIERLIFTS

Mission Statement of Premier Lifts Ltd

Premier Lifts Ltd are dedicated to offering our customers the very best of service in the fields of maintenance, repair, modernisation and installation of lifts.

To help achieve this, we have developed a Quality Management System certified to ISO9001 that will ensure that all activities, which directly affect the quality of service, are carried out under controlled conditions to meet the needs and expectations of the customer base.

“Value for money” plays a big factor in today’s competitive market. By ensuring our procedures run efficiently we can cut costly mistakes to a minimum or eliminate them completely allowing us more resources to focus on good customer service.

The Directors of Premier Lifts ensure that the policy is communicated, understood, implemented and maintained at all levels in the organisation.

Having become one of the leaders in the decreasing list of independent lift companies, we are now moving into a planned, controlled growth. Designed to provide a wider market place with the same high levels of service already established within Premier Lifts Ltd, and based on our policies of Value for Money, Quality Products and Quality People.
