

Premier Lifts Ltd number one priority is always the health and safety of our staff, clients, and Lift users, with the ongoing Covid-19 situation we will be employing some additional measures to protect our staff and clients.

We will continue to provide our services to carry out scheduled maintenance and planned works, but we intend to include some simple steps to minimise any risks.

- Avoid unnecessary contact and interactions
- Maintain a minimum of 2m distance when interacting or use telephones to communicate onsite requests/queries rather than in person
- Our operatives use PDA's for signing off job sheets, but our staff are prepared to sign on your behalf after confirmation with the site personnel

If you have any special requirements or processes you would prefer our operatives to take, please let them or the office know

Should the advice or instructions from Government change we will respond accordingly

We would like to take this opportunity thank you for your continued support, understanding and assistance during this difficult time
